

Avaya IX Tracking Camera TC220

Quick Setup Guide

Congratulations on purchasing your TC220 Tracking Camera for the Avaya IX Room Systems XT Series. Avaya IX Tracking Camera TC220 is the Avaya solution for large meeting rooms, directing the meeting in intelligent way, and focusing on the active speaker. Thanks to the combination of audio tracking and face recognition, it properly identifies the active speaker (or speakers) position, and thanks to the dual cameras it handles fluidly the transition from one view to the other.

Package Content:

- Avaya IX Tracking Camera TC220
- HDMI cable
- Wall Mount

Setting Up this Device

Connect the cables as detailed in the diagram overleaf, then follow the steps below to complete the setup of the Avaya IX Tracking Camera TC220. For details on how to use the system after setup, see the User Guide for Avaya IX Room Systems XT Series.

Use Avaya IX Tracking Camera TC220 as main camera

Step 1

Using the provided Visca and Power Cable connect at the rear of the tracking camera:

- The 8-pin connector to the Camera Ctrl IN socket
- The power Connector to the DC IN 12 V socket

Using The provided HDMI cable insert it in the HDMI connector of the tracking cable

Step 2

Attach the two connectors to the camera sockets at the rear of the XT Series endpoint (XT4000, XT5000, XT7000 or XT Executive 240):

- The HDMI connector to the vertical socket
- The connector for power and serial control to the horizontal socket.

Note: if for custom setup it's necessary to power the camera with the power supply, it is available in the optional cable kit.

Step 3

Check that HD1 camera is enabled in the menu **Configure > Advanced > I/O connections > Camera > HD1**

Step 4

Set the camera driver to the option "XT Series TC220 Camera" in the menu **Configure > Advanced > I/O connections > Camera > HD1**

Connecting the IX Tracking Camera to the XT

- 1 Tracking Camera
- 2 HDMI Cable
- 3 VISCA and POWER Cable is provided with the codec
- 4 RS232 Connector
- 5 DC12 V Connector
- 6 HDMI OUT Connector
